Kensington

SecureBack™ PRO iPad® Security Case

iPad® security and protection in a sleek design for public spaces

K67756WW

Product Description

The SecureBack™ PRO iPad® Security Case solves iPad security for commercial applications. Slip the new iPad into the durable and slim case. Loop the ClickSafe® lock (sold separately) around a table leg or other fixed object, snap it over the built-in ClickSafe anchor and you're secure. And the SecureBack PRO iPad Security Case automatically covers the Power button and includes an optional stick on Home button guard to prevent unauthorized use and tampering.

Features

- Built-in ClickSafe anchor secures in one click with ClickSafe lock (lock sold separately)
- Optional stick-on Home button cover with pinhole prevents tampering and unauthorized use
- Built-in Power button cover prevents accidental shutdown of iPad
- Security bar channels sound from speaker for increased volume with no added battery drain
- ClickSafe Anchor located alongside 30-pin connector for simplified cable management
- Compatible with iPad 2 and the new iPad
- SecureBack case protects back and sides from bumps and scratches
- Maintains slim design while adding security and protection
